

Victor M. Herrera

Software developer with hands-on experience in front-end and back-end development, including JavaScript (React, Node), HTML, CSS. I excel at working in team environments and am quick to learn and adapt to new technologies.

Skills:

- JavaScript (Full Stack)
- ReactJS, NextJS, AngularJS
- MySQL, PostgreSQL
- NodeJS, Express
- TypeScript
- Java (Back-End)
- PHP
- C, C#
- MongoDB
- Unity (Basico)

Languages

- Spanish (Native)
- English (Fluent B2 First)

Work Experience

Front End Developer

feb 2023 – dec 2024 – Universidad FASTA

I developed internal web applications for university staff, focused on streamlining administrative processes and improving user experience across different devices. I primarily used JavaScript (React, Angular, Node.js) and occasionally PHP, applying agile development practices, integrating external services through REST APIs, and deploying PWAs for mobile access.

Education History

University technical degree in programming

UTN – mar 2023 – actualidad

- C y C avanzado
- Java, Spring
- PHP y MySql

Bootcamp JS FullStack

Dev Place – Oct 2022 – Feb 2023

- HTML, CSS, Sass, Bootstrap
- JavaScript, React, NodeJS
- Express, Mongoose, Sequelize

I developed various applications such as E-commerce sites and landing pages during the bootcamp, as well as a functional crypto wallet as the final group project
